

POSTER PRESENTATION INSTRUCTIONS

Authors selected for a poster presentation are required to produce and bring along a printed poster for display in the poster area at the Conference. The EASAA organisers cannot print or transport any posters on behalf of authors.

Presenting authors will need to confirm their attendance by registering for the Conference.

The organisers will provide a printed “number,” identifying each poster board. The material to stick posters to the boards will also be provided.

Poster sessions will be scheduled in the conference programme. However, authors are asked to put up their posters as soon and to take them down as late as possible, in order to enable the Conference participants to view the posters any time.

Abstracts

Authors are required to send or confirm their abstracts by April 15th in order to have them included in the book of abstracts.

Your poster display

Your poster is to be printed in size A1, preferably Portrait in orientation.

You should clearly display the following information on your poster board:

- Title
- Authors' names and their affiliations
- Contact details (e.g. an email address) to allow follow up discussion

Authors are responsible for putting their posters up and taking them down. Any posters remaining after the Conference time will be removed by the Conference Organisers and will be lost.

Publication

PDF versions of your posters will be published in the online proceedings page of the EASAA website.
